Letter of Appointment

TO

Mr. Daksh Shastri

S/o Mr. Madan Mohan Shastri

H. No. 51, 3rd Floor, Old Arjun Nagar,

Krishna Nagar, East Delhi, Delhi – 110051

Subject: Appointment as AI Implementation Engineer (Fixed-Term)

Dear Daksh,

We are pleased to appoint you to the position of **AI Implementation Engineer** with **Gage Labs** ("the Company"), on a fixed-term basis. This appointment is governed by the terms and conditions set out below, which you accept by signing this letter.

01 Position & reporting

You are appointed as **AI Implementation Engineer**. You will report to the Company's management / designated project lead and work closely with the Company's technical team. This is an execution, testing and enablement role (not a software-development role).

02 Place of work

The Company delivers AI-automation systems to its clients. You will be stationed on-site at the Company's client premises at **Nizamuddin, New Delhi**, to implement and support the client's AI system. The Company may reassign your place of work within Delhi NCR on reasonable notice as the engagement requires.

03 Term / duration

This is a **fixed-term engagement of three (3) months**, commencing **1 July 2026** and continuing up to and including **30 September 2026**. The term may be extended or converted to a longer engagement by mutual written agreement, based on performance.

04 Working hours & attendance

Six (6) days per week, a **minimum of eight (8) hours per day**, on-site, per the client's operating schedule. Punctuality and consistent physical presence at the client site are essential to this role. This is a full-time engagement; you shall not take up any other employment or assignment during the term without the Company's prior written consent.

05 Compensation

A consolidated remuneration of **₹25,000 (Rupees Twenty-Five Thousand only) per month**, payable monthly in arrears **between the 7th and 10th** of the following month, by bank transfer,

subject to applicable tax deduction at source (TDS) and any other statutory deductions. This figure is inclusive of all allowances; no other payments are payable unless separately agreed in writing.

06 Duties & responsibilities

Your responsibilities include, without limitation:

- Implementing and rolling out the client's AI system on the ground.
- Training the client's staff, managers and owners to use the system confidently.
- Testing the system rigorously and documenting every issue, gap and edge case.
- Collecting user feedback and conveying it accurately and promptly to the Company's team.
- Coordinating directly with the Company's team member handling the system so the client faces no obstruction during implementation.
- Maintaining all trackers, logs and documentation in Google Docs / Google Sheets, kept organised, current and accurate.

07 Minimum commitment, notice & early-exit compensation

You commit to serving the **full three-month minimum term**. Should you wish to leave, you must give the Company at least **thirty (30) days' prior written notice**.

You acknowledge that the Company will incur substantial costs in training you, onboarding you into confidential client systems, and deploying you at the client site, and that your premature or unnotified departure will cause the Company and its client direct, quantifiable loss and disruption. Accordingly, the parties agree that **₹1,00,000 (Rupees One Lakh only)** is a genuine pre-estimate of that loss, payable by you to the Company as **liquidated damages** if you:

- (a) leave, resign or cease to attend **before completing the three-month term**; or
- (b) leave **without serving the full 30-day written notice**.

This amount is recoverable as a debt and may be adjusted against any dues otherwise payable to you. For clarity, this clause does not restrain your future employment; it only compensates the Company's actual onboarding and transition costs.

08 Confidentiality & non-disclosure

During and after the term, you shall keep strictly confidential all information of the Company and its clients – including the client's (TRIINDIA Hospitality's) business data, guest/booking data, systems, processes, credentials, pricing and any AI configuration – and shall not disclose, copy, remove or use it for any purpose other than performing your duties. You shall not share client credentials or data with any third party. This obligation survives the end of this engagement.

09 Company property & data

All documents, files, accounts, credentials and equipment you access or create in the course of this role remain the property of the Company or its client. On completion or earlier termination, you shall return all such property and hand over all trackers, documentation and access in an orderly manner, retaining no copies.

10 Ownership of work

All work product, documentation, configurations, feedback logs and materials you create in connection with this engagement are "work made for hire" and belong exclusively to the Company (and, as applicable, its client). You assign all rights in such work product to the Company.

11 Conduct

You shall conduct yourself professionally and courteously with the client's team and guests, comply with the client's site rules and the Company's reasonable instructions, and protect the reputation of both the Company and its client at all times.

12 Termination by the Company

The Company may terminate this engagement **with immediate effect and without any compensation** in the event of misconduct, breach of confidentiality, dishonesty, unauthorised absence, or failure to perform your duties to a reasonable standard. Salary will be paid only up to the last day worked.

13 Governing law & jurisdiction

This letter is governed by the laws of India, and the courts at **New Delhi** shall have exclusive jurisdiction over any dispute arising from it.

14 Entire agreement

This letter records the entire understanding between you and the Company and supersedes any prior discussions. Any change must be in writing and signed by both parties.

We are glad to have you on board and look forward to your contribution. Please sign and return the duplicate copy of this letter as your acceptance of the terms above.
